## Publication of Pre-arranged Paths (PaPs) for Timetable 2026

Dear Madam, dear Sir, dear Applicants,

I am pleased to announce that the **Pre-arranged Paths (PaPs) for TT2026** are now published and accessible in the Path Coordination System (PCS), the unique booking tool for PaPs, and ready for you to order via the following link: <https://pcs-online.rne.eu/>.

To simplify your selection of PaPs, please find attached to this letter the new **DigiCat TT2026**, which provides all details about **PaPs** and further **separate PaP sections** for the locations displayed on our schematic map below:

Please note that the DigiCat format has been updated to provide a better usability. If you should miss any functionalities or have feedback to the new format, don't hesitate to contact me.

After your PaP selection, I am looking forward to receiving your path requests via PCS until **April 14<sup>th</sup>, 2025**. As the C-OSS of the corridor, I will decide on the pre-booking results taking the priority rules into account which have been adopted by the Ministries of Transport along the Rail Freight Corridor.

To support your traffic planning, you will then receive a preliminary information about the pre-booking results by April 28<sup>th</sup>, 2025. The draft and final timetable offer will be published on July 7<sup>th</sup>, 2025 and on August 25<sup>th</sup>, 2025 respectively via PCS.

Please find further details on the PaP product [on our website](#), in PCS and on the Customer Information Platform (CIP), together with all relevant information on the procedures for requesting and allocating capacity, [the Corridor Information Document \(CID\)](#).

Please do not hesitate to contact me for any questions you might have or support you might need while requesting your international paths.

Yours sincerely

Anna Difliff  
Your C-OSS Manager  
RFC North Sea – Baltic
