

Maciej Gładyga

Chairman of the Executive Board,

Oliver Sellnick

Chairman of the Management Board

Warsaw, September 25th, 2015

Dear Sirs,

The process of elaboration of the Implementation Plan of Rail Freight Corridor North Sea – Baltic is coming to a successful end. This would not be possible without support of the stakeholders that took part in the consultation process at the beginning of this year. Hence, we would like to thank you very much for sending us your remarks and comments.

The Executive Board and Management Board have carefully analyzed the feedback and completed the document. The majority of the remarks concerned the proposed routing of the Corridor, the results of the Transport Market Study (TMS), the indicative investment plan and the deployment of the ERTMS.

The Executive Board and the Management Board integrated remarks whenever it contributed to the Implementation Plan in terms of correctness or completeness.

As the TMS was already finalized and accepted in 2014, it was no longer possible to change the content of this Study. Needless to say, we appreciate your remarks regarding this chapter and your remarks will be taken into consideration for the TMS update.

As an annex to this letter we are sending you the table with remarks received and responses of the Executive Board and Management Board to them.

Yours sincerely,

Oliver Sellnick
Chairman

RFC North Sea - Baltic Management Board

Maciej Gładyga
Chairman

RFC North Sea - Baltic Executive Board

Annex: Table with remarks and responses
